ITelagen Named to the Renowned 2014 Inc. 5000 List of Fastest-Growing Private Companies

For the 5th consecutive year, ITelagen is named to the Inc. 5000 List and jumps up 192 spots from 2013.

Jersey City, NJ – August 21, 2014 -- ITelagen, Inc., a leading provider of healthcare IT support and system administration, including a range of support services such as professional services, training, and hosting for various industries, today, announces that the company was named to the renowned 2014 Inc. 5000 list, a compendium of the most entrepreneurial and fastest growing private companies in America.

In order to qualify for the Inc. 5000 List, companies such as ITelagen must be in business for 5 years and demonstrate exemplary four-year growth. Founded in 2005, this is the fifth consecutive year ITelagen has qualified and been named to the Inc. 5000 List.

"Despite regulatory setbacks with ICD-10 and Meaningful Use in the past year, ITelagen has maintained focus, both for the success of our organization and the ongoing support of our clients. We have stuck true to our philosophy of being a "One-Stop Shop" and will continue to be everything a business or practice needs for IT and EHR support and services," commented ITelagen CEO, John O'Keefe, on the award. "We are thrilled to have been named by Inc. Magazine as one of the nation's top entrepreneurial companies. This award is an enormous compliment to the hard work of the entire team here at ITelagen."

ITelagen is an innovative provider of IT and EHR support and EHR cloud-based hosting for healthcare. ITelagen provides unlimited onsite and remote technical support for businesses and the platform monitors the activity of servers 24/7 to ensure the security of client applications. Its cloud-based system supports and manages patients' EHRs, as well as assists with coding and billing records, medical and insurance claims, and categorizing insurance collections. ITelagen also provides disaster recovery, and related services to update and back up data.

About ITelagen:

ITelagen® redefines Healthcare IT for medical practices by providing electronic health records (EHR) as part of an entire back-office solution that includes unlimited onsite & remote technical support for all of your staff and secure hosting of your patient data. We are more than just desktop technicians, but a complete healthcare technology team made up of CIO's, engineers, and healthcare EHR experts. With ITelagen, you can have all the benefits of your very own fully-staffed IT Department, without the expense of an in-house staff. By combining certified EHR experts with IT and hosting, ITelagen becomes the single point of contact and "One-Stop Shop for EHR®" for IT and EHR infrastructure, all for a flat monthly subscription fee.
